

Customer Ordering is now in your hands

INTRODUCING

GRANDE FOODS MOBILE ORDERING

We're excited to announce the launch of an innovative new mobile ordering service. Yes, you will now be able to place your regular orders right from the convenience of your mobile phone or tablet.

What you need to know

- It's FREE to download for Apple and most Android mobile devices and online ordering is now available from our website.
- Place orders in less than 30 seconds by creating your very own pantry list. Ordering from pantry lists makes your life so much easier.
- All your orders go directly into our accounting system, ensuring that your order is processed immediately and without delay.
- Never miss out on upcoming promotions, special deals or updates with our innovative mobile messaging system.
- Carefully note our order cut-off times to ensure on time delivery.

Get started in 3 easy steps

- 1 Download the FREE App or visit our website.**
Type "Grandefoods" into the search field of the Apple App store or Google Play App store, and download your FREE app. Detailed steps on next page.
- 2 Complete App Registration Form.**
Once you have downloaded the Grande Foods ordering app, click the register button and complete the simple form. You will instantly receive an email of your pending registration. Grande Foods will also instantly receive an email of your registration request, however we will need to verify you have an existing trade account.
- 3 Login and Order Away!**
Once you are verified, you will receive a successful registration confirmation email from us. You can then login using your email address and the password you created for yourself when you registered.

Go on make your life easier! Download the free app now.
